COLLEGE DIPLOMAS

You can't just buy an education off the shelf, but if all you got from college was a diploma, then any college would do and you could "shop" for such things as price or closeness to home. But there's a lot more to a college education than that.

At WWC, we're trying to get God out of the church and into the classroom and your life. You may find God hiking or skiing in the Northwest mountains, playing basketball or swimming, studying in the library or practicing in the Fine Arts Center, working in student outreach programs or tossing a frisbee with a friend. You may find God anywhere at WWC doing just about anything.

There are lots of degree programs to choose from at WWC, everything from one-year certificates and two-year associate degrees to full four-year degrees.

But the bottom line here is helping you get your life together.

So when you're shopping for a college, remember that there's a lot more to it than a fancy-looking piece of paper. You're getting ready for the rest of your life.
